Whose Say-so is Best?

With nearly all medicines put up for sale through druggists, one has to take the maker's say-so alone as to their curative value. Of course, such testimony is not that of a disinterested party and accordingly is not to be given the same credit as if written from disinterested motives. Dr. Pierce's medicines, however, form a single and therefore striking exception to this rule. Their claims to the confidence of invalids does not rest solely upon their makers' say-so or praise. Their ingredients are matters of public knowledge, being printed on each separate bottle wrapper. Thus invalid sufferers are taken into Dr. Pierce's full confidence. Scores of leading medical men have written enough to fill volumes in praise of the curative value of the several ingredients entering into these well-known medicines.

Amongst these writers we find such medical lights as Prof. Finley Ellingwood, M. D., of Bennet Medical College, Chicago; Prof. Hale, of the same city; Prof. John M. Scudder, M. D., late of Cincinnati, Ohio; Prof. John King, M. D., late of Cincinnati, Ohio; Dr. Grover Coe, of New York; Dr. Bartholow, of Jefferson Medical College, of Pa., and scores of others equally eminent.

Dr. Pierce's Favorite Prescription cures the worst cases of female weakness, prolapsus, anteversion and retroversion and corrects irregularities, cures painful periods, dries up disagreeable and weakening drains, sometimes known as pelvic catarrh and a multitude of other diseases peculiar to women. Bear in mind, it is not a patent nor even a secret medicine, but the "Favorite Prescription" of a regularly educated physician, of large experience in the cure of woman's peculiar ailments, who frankly and confidingly takes his patients into his full confidence by telling them just what his "Prescription" is composed of. Of no other medicine put up for woman's special maladies and sold through druggists, can it be said that the maker is not afraid to deal thus frankly, openly and honorably, by letting every patient using the same know exactly what she is taking.

Sick women are invited to consult Dr. Pierce, by letter, *free*. All correspondence is guarded as sacredly secret and womanly confidences are protected by professional privacy. Address Dr. R. V. Pierce, Buffalo, N. Y.

How to preserve health and beauty is told in Dr. Pierce's Common Sense Medical Adviser. It is *free*. For a paper-covered copy send Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps to cover mailing *only*; in cloth binding 31 stamps.

Dr. Pierce's Pellets cure constipation.

NATURAL GRAPES

The Stricken Rose From Grief.

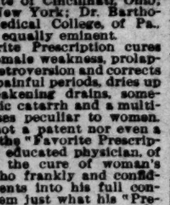

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Charge Against Gov. Hoch.

The declaration of Mrs. W. E. Stanley, wife of ex-Governor Stanley, of Kansas, that Governor Hoch put his arm around her and tried to kiss her in his office last December has aroused much gossip in Wichita, and will probably have considerable effect on the republican convention which meets next Wednesday. It was expected that Governor Hoch would be renominated by acclamation by the convention, but his political fortunes will probably be affected by the scandal.

Mrs. Stanley is a member of the board of visitation to charitable institutions and she went to Governor Hoch's office in Topeka on official business last December. It was on this occasion, according to her story, that the Governor, who is 57 years of age and married, threw his arms around her waist and attempted to kiss her. Mrs. Stanley, as she alleges, tore herself away and told the Governor what she thought of his conduct. Then, at the request of her husband, she sent in her resignation from the board of visitation and Governor Hoch after holding it up several weeks accepted it.

Governor Hoch gave out this statement in regard to the affair last night:

"I do not care to discuss this matter, except to say that the story, which has been whispered around by scandalmongers and has finally found extravagant coloring in print, is grossly unkind and unjust to me. It has been circulated by people who have no interest in or regard for the feelings of either family. I have committed no intentional wrong and hold the person in question in the highest esteem. Did I not occupy the position I do this story would never been peddled or published. It is part of the hyena politics altogether too common in Kansas."

Mrs. Stanley, who had not said a word for publication before Saturday night, gave out a statement in which she reiterates her charge.

Rev. Mr. Crapsey's Sermon.

Rev. Algernon Crapsey, whose trial on a charge of heresy was concluded Thursday in Batavia, N. Y., delivered two sermons yesterday in Sage Chapel. Andrew D. White, President Schurman and other prominent members of Cornell University were in the congregation. In the morning Dr. Crapsey confined his remarks to the birth of Christ, maintaining that he came into the world like any other infant, without any divine attributes. He developed, guided by an unknown internal spiritual power until he attained perfection and became a real god. In the afternoon Dr. Crapsey took for his text "The Resurrection of Christ." He asserted that there was no physical resurrection, but one of the spirit only. He said in part: Nine-tenths of the talk of the resurrection is mere sounding brass and tinkling cymbal. There is no more sense in the talk of most men about the resurrection than there would be in my talking about differential calculus. You must remember that in studying the resurrection, the story of which is mere tradition and not history, we are not dealing with physical facts in a physical world; we are dealing with the great mystery of the spirit—seeing Jesus, not with the actual eye, but with the souls of his followers. Peter did see Christ and talked with him. The spiritual world came in the real world. The soul of Peter rejected Jesus." Dr. Crapsey explained that Peter had the psychological state of mind necessary at the time.

Alfonso an Ardent Lover.

King Alfonso of Spain and Princess Ena of Battenberg are carrying on their quiet courtship at Cowes, Isle of Wight, with great satisfaction to themselves. They are together the whole day, "from early morn till dewy eve," motoring, riding, walking together in the lovely country lanes without attendants of any kind.

The king received last week colored sketches of the wedding dress and five other robes which he is having made for his bride. The material is still unfinished at the Lyons silk works.

The wedding dress will be made of white duchess satin trimmed with point d'Aiguille Brussels lace, 20 yards of which will be used for the mantle alone. The court train is to be an extra train, made detachable and worn slung from the shoulder. It will be covered with the richest hand embroidery wrought in silver in a pattern representative of the rose, which is the emblem of Spain as well as of England. The bodice will be cut low and is to have square decolletage. It also will be embroidered with silver roses trimmed with lovely point d'Aiguille. This costume alone will cost about $10,000. A superb cloak now being made in Paris will also be heavily embroidered with roses.

A Young Mother of 70.

"My mother has suddenly been made young at 70. Twenty years of intense suffering from dyspepsia had entirely disabled her, until six months ago, when she began taking Electric Bitters, which have completely cured her and restored the strength and activity she had in the prime of life," writes Mrs. W. L. Gilpatrick, of Danforth, Me. Greatest restorative medicine on the globe. Sets Stomach, Liver and Kidneys right, purifies the blood and cures Malaria, Biliousness and Weaknesses. Wonderful Nerve Tonic. Price 50c. Guaranteed at E. S. Leadbeater & Sons' drug store.

Doctor Brigham Says

MANY PHYSICIANS PRESCRIBE

Lydia E. Pinkham's Vegetable Compound

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womankind is not because it is a stimulant, not because it is a palliative, but simply because it is the most wonderful tonic and reconstructor ever discovered to act directly upon the generative organs, positively curing disease and restoring health and vigor.

Marvelous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures and physicians who have recognized the virtue of Lydia E. Pinkham's Vegetable Compound, and are fair enough to give credit where it is due.

If physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pinkham's Vegetable Compound in severe cases of female ills, as they know by experience it can be relied upon to effect a cure. The following letter proves it.

Dr. S. C. Brigham, of 4 Brigham Park, Fitchburg, Mass., writes:

"It gives me great pleasure to say that I have found Lydia E. Pinkham's Vegetable Compound very efficacious, and often prescribe it in my practice for female difficulties.

"My oldest daughter found it very beneficial for a female trouble some time ago, and my youngest daughter is now taking it for a female weakness, and is surely gaining in health and strength.

"I freely advocate it as a most reliable specific in all diseases to which women are subject, and give it honest endorsement."

Women who are troubled with painful or irregular periods, bloating (or flatulency), weakness of organs, displacements, inflammation or ulceration, can be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound. If advice is needed write to Mrs. Pinkham, at Lynn, Mass. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. No other living person has had the benefit of a wider experience in treating female ills. She has guided thousands to health. Every suffering woman should ask for and follow her advice if she wants to be strong and well.

Fight Among Miners.

Union and non union miners clashed again in Johnstown, Pa., Saturday night at Paint Creek mines, near Windber, where a week ago a mob had to be dispersed by a volley from the muskets of the deputies. As a result of Saturday night's riot two men are dying in the hospital at Windber, a third is probably fatally stabbed, several others sustained various injuries and seven men are under arrest for inciting to riot. Since the last trouble the saloons at Windber have been kept closed, and Saturday night the men visited the saloons at Paint Creek. A union and a nonunion man got into a quarrel, and soon blows were struck. Soon a knife was drawn by one of the men, and immediately there was a rush from all sides to the support of the contestants. Knives and guns were drawn and bullets began to fly. The battle lasted for half an hour, and when the crowd dispersed men were lying along the Baltimore and Ohio Railroad tracks for a distance of 50 yards, bleeding from stabs and bullet wounds. The sheriff at Winber was notified and, with 21 deputies, arrived after the riot was over. They arrested the leaders and had the wounded taken to the Windber Hospital.

For a Weak Digestion.

No medicine can replace food but Chamberlain's Stomach and Liver Tablets will help you to digest your food. It is not the quantity of food taken that gives strength and vigor to the system, but the amount digested and assimilated. If troubled with a weak digestion, don't fail to give these Tablets a trial. Thousands have been benefitted by their use. They only cost a quarter. For sale by Gibson & Timberman and W. F Creighton & Co.

AND VIRGINIA ADVERTISER

MONDAY EVENING, APRIL 30, 1906.

PRESIDENT ROOSEVELT, as stated in the Gazette's Washington correspondence of Saturday last, has tendered the olive branch to Senator Tillman, and invited him to a social function at the White House, but the Senator declined the invitation. There has been bad feeling between the President and the South Carolina Senator since President Roosevelt, about four years ago, recalled an invitation to Senator Tillman to attend a dinner given in honor of Prince Henry of Prussia. President Roosevelt recalled the invitation because Senator Tillman struck his colleague, Senator McLaurin, on the floor of the Senate. Mr. Tillman declared at that time that he would never enter the White House again during the term of President Roosevelt, and he could hardly do so and maintain his self respect. The Senator is now in charge of the administration's railroad rate bill and intimations have been given from the White House that the President would like to have Mr. Tillman call. Communication about the rate situation has been carried on through the medium of ex-Senator Chandler, of New Hampshire. Monday night the President gave a dinner to the officers of the French fleet of warships. After the dinner there was a reception. Senator Tillman was invited, but he properly declined to go to the White House.

THE Secretary of War on Saturday forwarded to the Secretary of the Treasury for transmission to Congress urgent deficiency estimates of appropriations amounting to $3,387,680. This amount, it is stated, is required for the service of the fiscal year ending June 30, 1906, for the purpose of replacing military stores destroyed by earthquake and fire at San Francisco; also for repairing damage to cable connecting Angel Island and Alcatraz in the harbor of San Francisco, and the repair of damages to the General Hospital Presidio, of San Francisco. It is feared that the earthquake will be made to cover many discrepancies in government accounts on the Pacific coast.

AT A meeting of New York insurance men a few days ago, the question of facing losses by the California earthquake and fire was considered. It was estimated that the property loss would reach $600,000,000 and that the insurance liabilities would exceed $300,000,000. It was generally agreed that rates must be raised and some of the smaller companies were in favor of taking advantage of the "earthquake clause" in their policies. The loss it is now believed will not amount to one-half of $600,000,000 but the insurance companies, which are now nearly all in a "combine," may be counted upon to raise rates if the policy holders will submit.

MEMBERS of the Democratic Club of New York city have decided to make their organization the national headquarters of the democratic party by renaming the club the National Democratic Club of the State of New York. The purpose is to bring together all the democrats of the country who are averse to dabbling further in radical ideas. This is a good move and a united democracy can win at the coming election.

As a result of the San Francisco disaster the plate glass manufacturers may drop the long-standing custom of closing their factories during the hot months and keep them going full blast all through the summer to fill the coast orders. It is estimated that $1,000,000 worth of plate glass was destroyed, much of which will demand replacement in the near future.

A DISPATCH from Magador, Morocco, to the London Mail says that a cobbler of Marrakesh, named Mesiewi, will be crucified May 3 for the murder of thirty-six women, whose bodies were found buried under his shop and in the garden. Why delay the execution?

THE Senate committee on interoceanic canals, it is said in Washington, will recommend the reduction of the canal commission to three members, and also a reduction of some salaries. The pruning knife could well be applied to this entire canal business.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, April 30.

The drydock Dewey, which is being towed through the Suez Canal en route to the Philippines, is reported by the cable to the Navy Department this morning as having reached Ismalia, about forty-one miles from Port Said through the canal, where it has been delayed because of adverse winds. The officials of the Navy Department are exceedingly pleased at the progress thus far made by the Dewey. Ismalia is about half way through the canal, but the remainder of the way to the Red Sea entrance is far less difficult of passage than the distance already traversed. From Ismalia to the Port of Suez, where the dock will again be taken in tow by the big colliers Brutus and Caesar, the canal lies largely through lakes, known as the Bitter Lakes, where it will be much easier to navigate the big structure and where other vessels may be passed without difficulty.

Through the efforts of Mr. Rixey bills have been passed by the House increasing the pensions of J. C. France, of Fairfax county, to $30 and that of Mrs. Elizabeth, Meeks, of Alexandria county, to $20 per month. Mr. Rixey has also secured the passage of a bill granting a pension of $12 per month to James P. Flewellen, of Fairfax county, who was injured while a cadet from Georgia at West Point before the war. After the war broke out, however, Mr. Flewellen entered the Confederate army and served till the surrender.

It is reported here that there is an understanding between the President and Secretary Taft who is to have full opportunity to secure the republican nomination for the presidency. Should the people want Mr. Taft, the President is said to be willing to enter the Cabinet as Secretary of State and take charge of the Panama canal.

Chief Wilkie of the Secret Service has received word from New York of the arrest of David Carmine for making and passing counterfeit silver coins. Carmine will probably hereafter be a believer in the ill luck of 13, for when the secret service detectives gathered him in he had 13 bad half dollars in his pockets and there were 113 counterfeit silver quarters and halves in his room. Carmine is said to be an old offender in the money-making line.

The Hughes bill, applicable to the case of Caleb Powers, of Kentucky, under conviction for the murder Governor Wm. Goebel, of Kentucky, which provides that in capital cases the prosecution may be removed from State to federal courts, if on account of local prejudices the defendant cannot enforce his constitutional rights in the State courts, was argued today before the House committee on the judiciary. John W. Langley, a leading Kentucky republican, spoke in support of the measure. Representative James, of Kentucky spoke in opposition.

The U. S. Supreme Court today, with some slight changes in the framing of the decree, affirmed the judgement of the U. S. Court of Claims in favor of the Cherokee nation. The claims of the Indians have been pending for years.

The U. S. Supreme Court today affirmed the conviction of Sawyer and Adams, two seamen found guilty of murder on the high seas by the Circuit Court for the eastern district of North Carolina. The defendants, with a seaman named Scott, who turned State's evidence, were the survivors of the crew of a coast wise schooner bound up the coast in October, 1905. Sawyer and Adams were alleged to have murdered the captain, mate, cook, carpenter and a seaman, throwing their bodies overboard. They were afterward captured and turned over to the authorities at Wilmington, N. C.

The following dispatch was received this morning by the War Department from General Greely at San Francisco: "In order to reduce expenses request that troops sent here be reduced to one regiment cavalry and one of infantry, aggregating one thousand men. Services of fifteen hundred other troops can be dispensed with provided that forty-five selected officers and men of administrative ability, sound judgement and physical energy are sent here as frame work of relief organization. Excellent health continues unchanged with absence of any prospective epidemic of contagious disease. Water conditions improving; commercial supplies are arriving rapidly; co-operation of navy national guard and civil authorities continues most harmonious."

The following announcement was made by the American National Red Cross today: "Judge Morrow, President of the California Red Cross, telegraphed to the Secretary of the Red Cross, Washington, that provisions and supplies received would meet present needs, and that Red Cross contributions should now consist of money. Acting upon this suggestion the Secretary immediately telegraphed to the United States mint, San Francisco, to the credit of James D. Phelan, chairman of the Red Cross finance committee $800,000. The finance committee was also informed that the Red Cross had in its treasury over a million dollars subject to the wishes of the committee.

The Supreme Court of the United States decided today that a Circuit Court of Appeals has no jurisdiction to issue a writ of certiorari to a United States District Court, its jurisdiction being purely appellate. The case was that of E. L. Whitney, warden of the Idaho state prison, versus George Dick. Dick was fined and sentenced to imprisonment for taking liquor into the Nez Perce indian reservation. He obtained a writ of certiorari from the Circuit Court of Appeals for the ninth district but this procedure was today held bad.

Senator Morgan, of Alabama, has rejected both of the plans for the Panama canal, suggested by the board of engineers, has evolved one of his own, and today introduced a bill in the Senate to carry it into effect. It proposes a sea level canal from the Atlantic, as far as Obispo, and from the Pacific as far as Miraflores, with a central lock section through the Culebra Heights, for a distance of about 8½ miles. These locks are to be between 65 and 85 feet high, according to the determination of the President.

The chief of police, who played such a prominent role in the October massacres in Odessa, and a policeman were assasinated by revolutionists there on Saturday in broad daylight. A young girl named Jerebtzova threw a bomb at Poltavtchenko, who was on the way to the hospital to visit one of the wounded policemen. Her aim was poor and Poltavtchenko was unhurt. The girl was seriously wounded by Poltavtchenko's orderly.

At Czenstochawa, in Russian Poland, Saturday, a bomb was thrown at the carriage of the chief of police when he was returning from a funeral. The missile exploded, killing a policeman.

New York Stock Market.

New York, April 30, 11 a. m.—The most significant feature was the placing of large buying orders all around the room supposed to be for very strong interests. This buying helped turned the market after some sharp early declines and was followed by the appearance of large buying orders all around the room. So far there has been no urgent liquidation and the buying from the various sources has been more than enough to absorb all the stocks offered, but some brokers have an idea that stocks will come out on rallies again as they did on every day last week. Since the first hour fractional rallies occurred.

Cathedral Centenary.

Never since the meeting of the Third Plenary Council, years ago, has Baltimore witnessed such a brilliant gathering of members of the Roman Catholic hierarchy or such a large crowd at a religious celebration as was present at the Cathedral yesterday in attendance upon the observation of the one hundredth anniversary of the laying of the cornerstone of the historic edifice. The weather and every other condition were ideal. There were prelates and priests from all over the country who joined with Cardinal Gibbons in the celebration of the occasion.

Not the least conspicuous among them was Monsignor Falconio, the apostolic delegate, who occupied a throne within the chancel opposite that occupied by Cardinal Gibbons.

The sermon, which was one of the features of the occasion, was delivered by Archbishop P. J. Ryan, of Philadelphia, one of the best-known pulpit orators in the Catholic Church.

It is estimated that there were 20,000 people in and about the Cathedral from 9:30 a. m until 2 p. m., when the services had ended and the prelates and priests had returned to Calvert Hall, where the procession formed at 10:30 o'clock and marched to the Cathedral to the pontifical high mass, which began promptly at 11 o'clock.

Pope Pius X. yesterday paid a glowing tribute to Cardinal Gibbons and the Catholic Church in America in a letter read by the Cardinal's secretary, Rev. William A. Fletcher, at the close of the pontifical high mass at the Cathedral. Father Fletcher read the letter from the main altar, and its import is taken to mean much in connection with the church in America and that in Rome.

Everybody's Magazine for May, which has been received from its publishers in New York, is of great and varied interest. Its initial article, "Making Good at Panama," tells what is really going on at Panama. "The Condemned Meat Industry" is a startling and convincing reply to Mr. J. Ogden Armour. A sketch of "The New President of France" is given and illustrated with photographs. The second number of "The Coal Trust, the Labor Trust, and the People who Pay" appears. "Fools and their Money" by Lawson, and "The Players" are of interest. Nine short stories and the concluding chapters of Rex E. Beach's thrilling serial give good fiction.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? Arrests in Paris.

Paris, April 30.—M. Griffuehles, the solialist leader, and secretary of the Labor Confederation, and Xavier Feuillant, a Bonapartist, were arrested this morning for allegen connection with a plot to overthrow the republic. The fact that Griffuehles has been coupled by the authorities with the Bonapartist Feuillant has aroused a storm of indignation in the labor party which until now has been a staunch supporter of the third republic as opposed to monarchism, and resents the slight upon the party's good faith. The houses of several members of the Labor Confederation were searched by the authorities this morning.

M. Levy, head of the Labor Confederation, was also arrested today on the charge of being connected with the alleged plot against the government. It is stated that the arrest of many other known royalists and Bonapartists is imminent.

The peaceful manner in which Sunday passed has considerably reassured the people generally as to the prospects for May Day, when so much trouble has been threatened. The precautions decided upon by the authorities in order to prevent a disorder are being kept up, as only in this way can trouble be avoided since it is inevitable that the labor organizations shall have a big demonstration tomorrow.

The employes of the leading corporations have decided to abstain from work tomorrow, and then either declare a strike on Wednesday, or else leave their work at the end of eight hours' labor.

Reinforcements are still pouring into the city for the purpose of preserving order, and it is estimated that 40,000 soldiers are now here, while more are coming all the time.

Inasmuch as the indications are that it will be impossible to buy food in Paris tomorrow, all citizens have been laying in supplies to carry them through the day. The prices of meats and vegetables have risen from 10 to 100 per cent., while the grocery stores have been unable to fill their orders. It is estimated that 30,000 hams have been bought by residents of the city during the past week, in addition to great supplies of canned goods.

While there is a better feeling of security in the city at present it is impossible to predict what tomorrow will bring.

The situation will depend entirely upon the action taken tonight when the various committees representing laboring organizations will meet at the labor exchange to outline their final plans.

Brest, France, April 30.—The socialist leader, M. Bressvoles, has been arrested here in connection with the alleged plot against the government for which a number of arrests have been made in Paris.

Toulon, April 30.—A strike of the employes of the tramway system was declared today.

The report that M. Levy, head of the labor confederation had been arrested is erroneous. A warrant was issued for his arrest, and the police commissary called at his residence, which gave rise to the story that he had been taken. Levy, however, was not at home. The police are now looking for him to serve the warrant.

Bridegroom Hazed.

Chester, Pa., April 30.—Bound to a rudely-constructed cart drawn by a big brown mule, Theodore J. Bell, jr., a prominent young man, was hauled through the streets Saturday night, the procession being headed by a delegation of young men and young women, members of the younger society set of Chester. In the rear of the procession was a calathumpian band. Bell and Miss Eleanor Clark, a daughter of former County Commissioner James Clark, were married Saturday evening at the home of the bride. When the pair was about to enter a cab to drive to the railroad station, Bell was seized by members of the Alpha Boat Club, to which he belongs, and bound. Before Mrs. Bell could be captured she bolted from the side of her husband, ran into the house and locked herself in her room, from the window of which she saw the procession. Chester's streets are always crowded on Saturday nights, and when the procession, all in evening dress, passed by, people gazed in wonderment. It was midnight before Mr. and Mrs. Bell were allowed to begin their wedding journey.

Fuller is one of the advisors representing "law." Well-known newspaper men are among those selected as advisors on "literature." Noyes, president of the Associated Press; Whitelaw Reed, and L. E. Holden, Cleveland Plaindealer. Capital and labor are represented by Thomas F. Ryan, Cyrus McCormick, Samuel Gompers and John Mitchell.

Killed by Lightning.

Northport, N. Y., April 30.—During an unusually heavy thunder storm this morning the house of William Sammis, at Comack, was struck by lightning, killing his 20 year old son, George, who was lying in bed. Louis Sammis, brother of the elder, was stunned and is not expected to live. At St. James the barn of Thomas Brennan was struck and completely destroyed, together with five horses and other stock.

The Mining Troubles.

Wilkes-Barre, Pa., April 30.—Intimations are heard today that President Roosevelt will intervene at the last moment and prevent the bitter hard coal strike which impends because two sides have been unable to agree as the method and application of arbitration to the question of differences and for increased wages. President Roosevelt has been kept informed of every move made in the negotiations, and when it is seen that a strike is inevitable, it is said he will interfere and in a joint note to the operators and miners point the way by which both sides may meet on a common basis of undestanding as to how arbitration shall be applied to the question of wages. Because of the strike conditions existing under the suspension order, thousands of foreign mine workers have left the region and the exodus to Europe and to other parts of this country still continues without cessation. Many small mining towns have become deserted villages, and even the large cities show the effects of the depopulation.

Shamokin, Pa., April 30.—No collieries or washeries were operated around here today, the men remaining away from work. The men are determined as ever to stick by John Mitchell.

Mount Carmel, Pa., April 30.—A crowd stoned a number of men here last night who persisted in driving tunnels at the Sayre colliery. A barber named Patrick, going to the rescue of a brother-in law in the midst of the non-union men, was hissed and stoned. He drew a revolver, and fired a number of shots at the crowd, which fled.

A troop of state constabulary arrived here from Reading today in response to a call from the sheriff of Northumberland county, to stop foreign miners from stoning non-union men.

Mount Carmel, Pa., April 30.—Troop A, of the State constabulary, in command of Lieutenant Smith, and a mob of a hundred mine workers, engaged in a battle in front of the Commercial Hotel on the main street of the town, at 11:30 this morning. Michael Glugon had his skull fractured with a billy, a trooper, had his head cut open with a rock, and many others were bruised with flying missiles. Glugon will likely die. Two of the mob were captured and placed in the lock-up. The troopers tried to get breakfast at three leading hotels, but the waitresses refused to serve them. As they emerged, yet hungry from the Commercial Hotel, a mob attacked them. Lieutenant Smith ordered the troopers to charge with drawn billies, and the mob was driven across the street. The men and boys seized more clubs and stones and made another rush at the officers. The situation was critical, when Chief Burgess Mungo Hinman, himself a mine worker appeared on the hotel balcony, and implored the whole mob to return to their homes, promising that the troopers would then leave town. The crowd dispersed, and the troopers marched to the Lehigh Valley's Sayre colliery in the suburbs where they had been called to protect workmen who had been stoned.

The troops after battling with billies in the streets here with a frenzied mob, had a collision on Hickory street, shortly after noon, when stones were hurled at the troops. Lieut. Smith having received orders to further molested, directly them to open fire on the mob.

The detail discharged a volley of shots, and many were hurt. A man named Wilson was fatally wounded.

The fight occurred in front of the house of James B. Keefer and the inmates narrowly escaped being hit by the bullets which flew through the windows. The volley stopped the stone throwing.

Lieut. Smith was arrested for assault and battery with intent to kill and held in $500 bail.

Losses in San Francisco

Springfield, Mass., April 30.—The Springfield Fire and Marine Insurance Company, which is the first company to compile a complete list of its risks in the burned district of San Francisco, has issued a statement by means of which the first approximately correct table of the losses of the various insurance companies can be computed. President Damon, of the Fire and Marine, by use of the figures of his company, estimates the total of risks in the burned district as at $191,414,560. Assuming that the total of risks in the burned district is approximately the total loss, this figure is nearly $200,000,000. Concerning the payment of losses by earthquakes, President Damon says: "It is quite natural for the people to thoughtlessly say the insurance companies ought not to question any claim at such a time. But it is not only expressly excluded in the policy on the form prescribed by the State of New York, but it is beyond the charter rights of a fire insurance company to insure against damage by earthquake. Should I voluntarily assume such a liability, any stockholder could sue me for such a missue of the company's funds. It is as legally wrong as a contribution to political campaign funds. Nevertheless, in the adjustment of losses by this fire, in spite of the nearly $200,000,000 which the fire insurance companies will lose, I do not anticipate a very close drawing of the line in doubtful cases."

Congressmen to be Opposed.

Lewiston, Me., April 30.—There will be six thousand laboring men in Knox county alone who will not vote to return Congressman Charles E. Littlefield, says John C. Mendey, of this city, head of the local moulder's union, and a national officer in that organization. "I know the temper of the laboring men in Rockland," he said, "and I am in close touch with the labor element in all parts of the district. The objections to Congressman Littlefield are that he has favored the lime trust in Rockland and that he favors the pilotage bill, to which the labor men are opposed."

Somerville, Mass., April 30.—Strong opposition has developed in the eighth Congressional district to the re-election of Congressman McCall next fall. Meetings have been held by prominent republicans and the chances for encompassing his defeat was the main topic under discussion. The average active Somerville republican is extremely partisan. He believes a republican Congressman is in duty bound to support a republican president with greater partisan fidelity than, they say, has been shown by Mr. McCall. With many they admit McCall's high grade of statesmanship and ability, but his independence has never been popular with them. They are not loath to express the opinion that Mr. McCall has held office quite long enough, and it is time to give some bodyelse an opportunity.

Dolan as Cassandra.

Pittsburg, April 30.—Practically driven out of the ranks of union labor, after a lifetime of union work and agitation, District President Patrick Dolon, of the United Mine workers, will today hand over his office to Frank Feehan, the man who led the fight against him, and who is already sorry he did it. Before he steps down and out it is expected that the delegates of this district will tender the retiring president a vote of confidence and an apology for the way he has been treated.

Dolan has already tendered his resignation to Samuel Gompers as a national organizer of the American Federation of Labor, which position he has held for years. He said:

"My resignation was brought about by the treatment I received at the hands of the men for whom I labored. It was useless for me to retain that position longer. I am still a miner and a union man. John Mitchell has completely disrupted the United Mine Workers.

"He has created more dissension in the ranks than any man who ever held office in the union before. He has got us into a fight which has resulted disastrously for us, and we have worse in store. The Miners' Union is a broken organization, and will never again present a solid front in a fight. The anthracite strike we will lose, and the situation in Ohio, Indiana and Illinois is far from reassuring. Here in this district the men are dissatisfied. What I told the men would take place is coming to pass, and they realize their mistake now."

Conditions in San Francisco.

San Francisco, April 30.—Charges of extravagance and waste in the distribution of supplies resulted in orders by General Greely today establishing a new system of caring for 200,000 needy people. The unburned section of the city is divided into seven military districts, each sub-divided into 100 relief stations. Extreme distress for food has passed, and at the earliest possible moment, the issue of rations will be continued to helpless women and children, and refused to adult males unless they are dying or in feeble condition. Careful estimates say that not less than seven thousand tons of food has been distributed freely in ten days, the free distribution daily being 1,400,000 pounds. At ten cents per pound this is costing $140,000 a day. These figures do not include clothing, which is given away for distribution. Regular army patrols in Chinatown and the section of the city where many pawnshops were have great difficulty in keeping out looters. Soldiers are forbidden to shoot these petty thieves.

The Olympic Games.

Athens, April 30.—The American athletic team, which is competing in the Olympic games, continued their winning streak today, and two of the early events went to the credit of the United States. In the final 400 metres race, Paul Pilgrim, of the New York Athletic Club, took first place, winning by 3-5 of a second from Lieutenant W. Haswell, of England, while Nigel Barker, of Australia, was third. Pilgrim's time was 53 1-5 seconds.

J. D. Lightbody, of Chicago University, captured the 1,500 metres race winning by two yards in the time of 4 minutes and 12 seconds. McGough, of England, was second, and Hellstrom, of Sweden, third.

Royal Divorce.

Madrid, April 30.—From authoritive sources it is learned that there is a strong probability of a royal divorce here in the near future. The marriage of Prince Ferdinand of Bavaria and Maria Theresa, King Alfonso's sister, has turned out badly, it is stated, and that Prince Ferdinand is constantly drinking to excess, giving rise to scandals. He also, it is alleged, insults and strikes Maria Theresa. The Queen mother of Spain is greatly upset over the state of affairs, and has asked Prince Ferdinand's father to come to Spain for the purpose of trying to induce his son to return. If he is unsuccessful a divorce will likely follow.

Secretary Bonaparte.

Baltimore, April 30.—Hon. Charles J. Bonaparte, secretary of the navy, is confined to his home, in this city, today, by a slight indisposition. He communicated with his office on St. Paul street this morning, where it was said that Mr. Bonaparte was not really ill, but that he felt slightly indisposed, and had determined not to go to Washington today. It was said at Washington all sorts of rumors were in the air, one being to the effect that the secretary had been stricken with pneumonia and was seriously ill. This was positively denied at his office this morning.

Hecla Active.

Leith, Scotland, April 30.—Captains of steamers which arrived here today from Iceland state that Mount Hecla has been in eruption. The disturbance, however, was not serious. Ashes, the captains say, were scattered over a wide area.

Odd Fellows' Anniversary.

There was a large turnout of Odd Fellows of Alexandria last night who participated in the celebration of the 87th anniversary of the introduction of the order into the United States. There had been an interesting programme of exercises last Tuesday night in Odd Fellows' Hall, on north Columbus street, and last night marked the closing scenes in connection with the anniversary. The principal feature was the sermon to the organization delivered by Rev. Edgar Carpenter in Grace Church. Shortly before 8 o'clock most of the Odd Fellows of the city together with many of their friends repaired to Grace Church and by the time the services began the edifice was filled. Mr. Carpenter took for his text I Pet II., 17—"Honor all men. Love the brotherhood." The speaker gave an interesting and succinct description of the principles of Odd Fellowship, together with the practical workings of the order, the amount expended by the organization alleviating the distressed, &c. He was listened to with close attention by the large congregation, and while the preacher's address was in the main to Odd Fellows, it was meat in due season to all present

Drowned Woman.

The captain of a sloop which arrived at Fishtown yesterday evening reported that while off the mouth of Little Susquehanna, nearly opposite Jones's Point, he saw a dead body in the water. Officer Ferguson notified the station house and the Washington authorities were informed of the discovery. Today the police boat came down and the remains were identified as those of Miss Elizabeth Wood who was drowned near the Aqueduct bridge by the upsetting of a canoe on Good Friday. The unfortunate young woman, it will be remembered, was in the canoe with a youth named G. Rex Frye at the time of the accident.

Church Services Yesterday.

There was a large attendance at the churches yesterday, especially at the morning services. At night, however, the rain prevented numbers from attending the various places of worship.

At St. Paul Church in the morning Bishop Gibson preached an able and instructive sermon and confirmed a class of 13 persons. At Christ Church at night the bishop again preached and confirmed a class of 18—15 adults and 3 children. During the past six weeks 13 adults were baptized in Christ Church.

Auction Sale.

Mr. S. H. Lunt in front of the stables on north Pitt street offered for sale at public auction at 10 o'clock today the entire livery outfit, consisting of horses, harness and various styles of vehicles belonging to Mr. R. L. Meyers, that gentleman's purpose being to confine himself to the manufacturing branch of his business. The outfit was withdrawn under a bid of $4,690, made by Mr. C. H. Powell, of Baileys Cross-roads. But few people in this city knew that the sale was to take place. Mr. Myers will continue the business.

Accident to a Launch.

A steam launch belonging to the United States dispatch boat Mayflower collided with the government tug Triton off this city about six o'clock last Saturday evening and was considerably damaged, so much so that the launch had to be towed to Washington by the tugboat. The launch was between the President's yacht Sylph and the Triton at the time of the accident. The President and Mrs. Roosevelt had previously left Washington on the Sylph. They returned yesterday evening.

Fell Overboard.

Some excitement was caused at Fishtown yesterday afternoon, by Lewis Carrington, colored, who while suffering from a fit fell into the dock. The cry of "man overboard!" soon brought a crowd to the spot, but none of the colored men employed on the wharf made any attempt to rescue Carrington. A young white man named Wilkins, however, jumped overboard and saved him from drowning. Carrington was engaged in cutting fish when he fell overboard.

Entertainment.

Among the artists who will take part in the entertainment to be given this evening at Lee Camp Hall under the auspicies of the Woman's Auxiliary to the Camp for the benefit of the Marker Fund, is Mrs. A. L. Hanson, already well known to our people for her beautiful readings, Dr. Outcalt, Mr. Jamieson, Mrs. Hulfish, Mrs. Russell, Misses Steiner and Byrne.

Fined Forty Dollars.

Among the cases before Justice Caton in the Police Court this morning was that of Ernest Hall, who was arrested yesterday by Officers Beach and Lyles for being drunk and disorderly, guilty of improper conduct and obstructing the passage of cars of the electric railway. After hearing the evidence in the case the justice imposed upon Hall a fine of $40—$10 for each offense.

Runaway.

A horse attached to a buggy in charge of Mr. Henry Zimmerman ran away near Colross yesterday afternoon. The horse was seriously injured and the buggy damaged. Mr. Zimmerman had alighted from the buggy for the purpose of witnessing a game of baseball, and while so engaged the horse took fright and ran away.

For the Sufferers.

In a note sent this office today Rev. H. J. Cutler says that $115.39 was contributed at St. Mary's Church yesterday for the afflicted people in California, and will at once be forwarded by Rt. Rev. Bishop Van De Vyver with collections of all the other Catholic Churches of this diocese.

A delegation of Rechabites from Washington will visit Perseverance Tent of this city at the meeting of the latter tonight.

Personal.

Miss Beall Daingerfield has returned to her home in this city after a visit to friends at the University of Virginia.

Miss Elizabeth Jones, daughter of Dr and Mrs. T. Marshall Jones, has returned from Atlanta, Ga., and other cities of the South where she spent the winter with relatives.

Mrs. Milton H. Beall, of Washington, entertained at a progressive flinch party on Monday, April 23rd in honor of her house guests, Miss Mae Grimes, of this city, Miss Elizabeth M. Beall, of Washington, and Miss Lucile Schwab, of Warrenton. The prizes were awarded to Misses Louise Smith and Mae Grimes. After the games the company retired to the red dining room where supper was served from a well appointed table which was decorated in carnations and ferns.

Mrs Amy Weech, of this city, a national organizer of the Woman's Christian Temperance Union, delivered an address yesterday afternoon at Mount Washington, Maryland. On Tuesday night she will speak at Sherwood.

Mr. Ernest Demaine, who has been quite sick for some time, has sufficiently recovered to be able to return to his studies at the University of Virginia.

Mr. J. R. Caton and Mr. J. Randall Caton have gone to Hot Springs, Va., on legal business.

Mrs. Sarah Deeton who has been very sick at the residence of her son, Mr. F. W. Deeton, has returned to her home in Washington.

Mr. Clyde E. Walton, who has been connected with the retail department of the Leadbeater house for a considerable time, left on Saturday for his former home at Woodstock to go into the drug business for himself.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Hattie Grinnell, colored, arrested by Officer Henderson charged with assaulting and beating Maggie Robertson was dismissed.

Jackson Garrett, colored, arrested by Officer Lyles for obstructing a street, was dismissed.

Maggie and Hattie Robertson, arrested by Officer Henderson charged with disorderly conduct and fighting, were fined $5 each.

Killed Husband to Save Daughter.

George Fogie, a restaurant keeper of Brooklyn Heights, Alleghany county, Md., attempted a week ago to assault his 12 year-old daughter, but was prevented by his wife, who kept the matter quiet. On Saturday night he went home in a drunken condition after the mother and daughter had retired and entered their room with a drawn revolver. He hurled the mother aside, seized the terrified daughter and disregarded the pleas and prayers of both. Mrs. Fogie was frantic, but she quickly decided what she would do, and, picking up the revolver, a Colt automatic, she placed it at the side of her husband and fired five times, killing him instantly. Mrs. Fogie says on a previous occasion when she ran to the rescue of her daughter, Fogie jumped at her and beat and kicked her in a most brutal manner. Mrs. Fogie said nothing about this first incident.

Trouble With Turkey.

Although the Sultan has given way at the last moment in every serious dispute in the past twenty years, there is a feeling of a great uneasiness in government circles in London over the present Egyptian boundary crisis. The Turkish attitude is one of determined aggression and the British authorities have no option but to resort to the prompt use of military and naval measure to drive Islam from the present position. Whether a display of force will result in the usual retreat depends entirely on what is behind the Turkish police. It was understood at the foreign office Saturday if the Sultan does not soon accede to the British demands there will be another demonstration before a Turkish port within a short time.

Bachelor to Rescue.

Two little boys came into the world most unexpectedly, on Fourth street Philadelphia, Saturday noon. After recovering from what seemed merely momentary prostration, no one appeared to be less surprised over the occurrence than the mother, Mary Ann, who, is a native of Poland.

By one of life's wayside ironies, it remained for an old bachelor and two old maids to render first aid. Inexperienced though they were, they, too, proved themselves the possessors of philosophic spirit of a most practical kind. They helped the mother into a nearby house, from which she presently walked to the patrol wagon that took her and the little ones to the Philadelphia Hospital.

Submerged with Mud.

Oceans of mud brought from the mountain side by torrential rains Friday night are practically submerging the Vesuvius region. The situation can only be described as a black misery, and if it rains again soon, it will be absolutely hopeless. The recent eruption of Mount Vesuvius having closed the old water channels, a torrent of rain Friday night had thousands of outlets in all directions, and, carrying black mud with it, broke up bridges, weakened houses at the bases as the ashes had already done on the roofs, inundated streets, contaminated drinking water, and attacked all that the ingenuity of man had erected for his own benefit.

Danger From The Plague.

There's grave danger from the plague of Coughs and Colds that are so prevalent, unless you take Dr. King's New Discovery for Consumption, Coughs and Colds. Mrs. Geo Walls, of Forest City, Me., writes: "It's a Godsend to people living in climates where coughs and colds prevail. I find it quickly ends them. It prevents Pneumonia, cures LaGrippe, gives wonderful relief in Asthma and Hay Fever, and makes weak lungs strong enough to ward off Consumption, Coughs and Colds. 50c and $1.00. Guaranteed at E. S. Leadbeater & Sons' drug store. Trial bottle free.

Chamberlain's Cough Remedy the Best and Most Popular.

"Mothers buy it for croupy children, railroad men buy it for severe coughs and elderly people buy it for la grippe," says Moore Bros., Eldon, Iowa. "We sell more of Chamberlain's Cough Remedy than any other kind. It seems to have taken the lead over several other good brands." There is no question but this medicine is the best that can be procured for coughs and colds, whether it be a child or an adult that is afflicted. It always cures and cures quickly. Sold by Gibson & Timberman and W. F Creighton & Co.
